

Patient Consent Form for Publication in an Innovative Journal

Patient Images/Details Information

This patient consent form provides for Innovative Publication to publish images/detailed information from patients. The author must be completed prior to publication.

Patient Declaration or by their guardian

I understand that the paper will be published online in Open Access (OA) format using under Creative Commons Attribution CC BY-NC-SA 4.0 license, <https://creativecommons.org/licenses/by-nc-sa/4.0/>, meaning that it can be downloaded, copied, and reused without limitation. This includes any images, tables, and supplementary data. The primary audience for the published paper will be healthcare professionals, researchers, academicians, students, scholars from across the globe.

I understand that I may revoke consent at any point prior to publication, but after final publication, my consent can no longer be withdrawn. The final published content may differ from the one submitted to the journal due to minor revisions, typesetting, reformatting, and changing as per publishing style. Publication in the journal mentioned is not guaranteed and will take place at the new creation of the publisher and with permission of the Editor-in-Chief of the said journal and or subject-related editorial board member after the final peer-review process.

I understand that the material may be published in a journal, website, or another form of publication and may be seen by the general public.

I understand that signing this form does not remove any of my /the patient's statutory rights to privacy, that the material may be included in medical journals and books.
